

**Civil Engineer/Project Manager**  
**Ruston, Louisiana**

**Meyer, Meyer, LaCroix & Hixson, LLC**, is seeking a Civil Engineer with Professional Engineering License in Louisiana and a minimum of 6 years of relevant experience. Desired experience includes engineering design for public and private sector utility, transportation, aviation and site development projects. Specific project types include water distribution, storage, production and treatment; wastewater treatment, collection and pump stations; roadways, drainage, earthwork, streets and sidewalks; airport runways, taxiways, aprons, and parking; and site development, subdivisions, commercial sites and industrial parks.

Project management experience and advanced written and oral communication skills are required. Proficiency in the application of advanced engineering design software and current computer technology systems is a must. Also, the candidate should exhibit strong leadership and problem solving skills and demonstrate a superior work ethic and desire to work in a team atmosphere with other engineers, technicians and stakeholders.

The candidate must be available to locate to Ruston, Louisiana.

Interested candidates should submit a resume and cover letter to Meyer, Meyer, LaCroix & Hixson, LLC, Attention: Human Resources, 100 Engineer Place, Alexandria, LA 71303, or email to [employment@mmlh.com](mailto:employment@mmlh.com).
